WPB ANNOUNCES INDUSTRY'S ADVISORY COMMITTEE

The New York Times (Wednesday, May 17) published an item in its business page announcing the fact that WPB (War Production Board) had appointed a coin machines Industry Advisory Committee. The office of IAC (Industry Advisory Committees) announced this committee to be composed of the following members:

Waldo E. Volen, The Northwestern Corp., Morris, Ill.
James E. Broyles, The Rudolph Wurlitzer Co., No. Tonawanda, N. Y.
Dennis W. Donahue, Mills Industries, Inc., Chicago, Ill.
David Gottlieb, D. Gottlieb & Company, Chicago, Ill.
Robert Z. Greene, Rowe Manufacturing Co., Belleville, N. J.
George W. Jenkins, Lion Manufacturing Corp., Chicago, Ill.
Walter Tratsch, A.B.T. Manufacturing Corp., Chicago, Ill.

T. L. Craig of the Consumers Durable Goods Division (WPB) has been appointed GPO of this committee.

The committee is the same as announced in the past week's issue of The Cash Box, but can now be recognized as officially appointed as the Coin Operated Amusement and Vending Device Industry Advisory Committee by the War Production Board.

It is reported that the first meeting of the above committee with WPB in Washington (Monday, May 15) resulted in more or less getting acquainted. Some questions were asked of the men assembled. The meeting was delayed by the late arrival of some of the Chicago members.

This first meeting with WPB did not produce any definite indication of future meetings. Usually, it is reported, another meet is called by WPB a month or so after the initial meet with the official Industry Advisory Committee.

At present everything is pointed toward continued war production by the coin machines manufactories and therefore any discussions as to domestic production will have to be relegated to the background until such time as WPB may decide such discussions should be conducted.

N.C.M.A. TO INTENSIFY LETTER WRITING DRIVE

Earl E. Reynolds of Walbox Sales Company, Dallas, Texas, and president of the operators association in that state, met with Henry W. Seiden of Seiden Distributing Company, Albany, N.Y., in Chicago this past week to give greater impetus to the campaign of the National Coin Machines Association to have letters written to the men in the armed services.

Circulars, display cards, stickers, etc. have already been received by many in the trade from NCMA. It is reported that Reynolds will handle all the western part of the country in this campaign and that Seiden will continue on handling the eastern area.

NCMA has been created as a non-profit organization for this job. Jack Nelson of Superior Products, Chicago, was elected Chairman and is now signing the checks.

Formation of NCMA resulted from the Second Wartime Conference sponsored by The Cash Box this past November at the Morrison Hotel, Chicago. It is understood that with NCMA now organized as a non-profit corporation that it will remain in existence only as long as this letter writing campaign goes on.

"The Coin Machines Merry-Go-Round"

By Bill Gersh

SCHOOL FOR COIN MACHINE MECHANICS

A great many coinmen thruout the nation have long been asking for a a school that would be able to train new men in the mechanical ramifications of coin operated equipment of every kind. There is a most definite need for a school of this type. Its need is now more urgently felt than at anytime in the history of this industry. This is the time to get such a school started.

Just a few days ago ODT, Office of Defense Transportation, announced that it had directed its maintenance advisory committee thruout the country to urge shop and garage owners to organize classes of present and prospective employees, both men and women, to study maintenance and repair work.

This is a very progressive forward step for the automobile industry. It means that this industry will have trained mechanics available for the public long before production of new autos gets under way.

As is well known to all, there are at present schools thruout the nation where auto mechanics are taught and where such courses are supervised by teachers who have had a great deal of experience in auto repair and maintenance work. These schools receive the cooperation of the auto manufacturers who have standing orders with them for employing all graduates. Now, such schools will also probably receive the cooperation of the Federal government thru ODT.

There is no earthly reason why a school for coin machines mechanics cannot be started. There is no doubt that every manufacturer would be more than willing to cooperate in this extremely progressive move. It would mean that jobbers, distributors and operators thruout the country would be supplied with well trained men who would know the mechanics of each and every type of machine. There are a large number of former defense work schools now available for a coin machines mechanics school.

These men could be graduated in much the same fashion as they today graduate from electrical, auto mechanic and other technical trade schools. There is no doubt that in time a diploma from such a school will really mean something to any man seeking a good position. Boys with technical high school education would find a coin machines mechanics school offering them the opportunity to enter into a lucrative field.

This school could become the supply source for mechanics for all the nation's coinmen. It would, with the cooperation of all leading manufacturers, jobbers, operators and distributors supply the trade with properly trained men for this coming postwar era. It would also help speed production for the manufacturers who could employ graduates from this school for their own factories. At the same time it would mean that there would be trained men to instantly take over the necessary mechanical work for the machines that the manufacturers would ship and therefore no delays would result from placement of equipment. With trained mechanics in his place the average coinman would be in position to spread out faster and further than ever before.

In addition, there is no doubt that these trained men would probably become the nucleus that would help present new ideas because of their mechanical knowledge to the manufacturers. From here would, in all probabilities, result the greatest source for new machine ideas. These men would prove invaluable to all this industry. Therefore such a school should instantly be started and the proper instructors obtained from among the better mechanical minds now engaged in this industry as well as from the factories whose engineers are now idle and can teach others to take their place prior to coin machines production getting under way again.

Especially of great interest are the men who have already been discharged from the armed services, as well as those men who will and already have lost jobs because of the roll backs and cut backs of war materials production. These can be instantly assimilated and this school can start the ball to rolling in the right direction with these men as its base. There is also no doubt that because of teaching former service men such a school would instantly gain the support and cooperation of the Federal government.

"The Coin Machines Merry-Go-Round"

This is one of the most outstanding opportunities that has ever yet faced this industry. The Cash Box is most definitely sold on this idea and its proposal that a school be instantly started so as to help all in this industry for today and especially for tomorrow will receive its full support and cooperation from now on in. The Cash Box promises to work hard to help make this fact.

YOU CAN HELP GET A SCHOOL FOR COIN MACHINE MECHANICS STARTED BY GIVING YOUR OPINION OF THE FOLLOWING: —

1. Would you subscribe to such a school by paying tuition for one or more men?

2. Would you pay a fee for each man sent you from this school?

GIVE YOUR ANSWERS BELOW AND INCLUDE ANY THOUGHTS OR IDEAS YOU MAY HAVE FOR SUCH A SCHOOL.

CREDIT BUREAU

In the past few weeks The Cash Box has been in receipt of many letters asking about the proposed National Coin Machines Credit Bureau. This was first suggested by The Cash Box about 18 months ago. The plans outlined for such a bureau met with the full approval of all who read these first articles. Since then there have been a great many recalling this suggestion and urging that such a bureau be started immediately so that the entire industry could wade right into the post-war era with its credit situation well under control.

There is no doubt that the men in this industry are in a peculiarly different position from those in almost any other industry in the nation. Whereas every other industry, aside from its own inner industry credit arrangement, also use Bradstreet & Dun reports, the greater majority in this business neglect to prepare statements which could obtain a rating from this noted organization. Yet a large number of this majority are well known to the trade and are considered financially secure.

It is therefore to the continued best interests of this industry that some sort of National Coin Machines Credit Bureau be created whereby those who desire to sell to the members of this trade, especially in the post-war era, will have a better knowledge of the men with whom they will deal. There is also no doubt that such a credit bureau will be in position to make easily available a great deal of information which will benefit every manufacturer.

There are a great many important factors which must be taken into consideration prior to the creation of a credit bureau for this industry. In the first place such an organization must most definitely be impartial. It must be practical and it should be captained by men with long experience in this field. These men must also have the cooperation of the leaders of this industry who can instantly give them all information regarding any person or firm with whom they deal. In short, there must exist a very close and definite spirit of cooperation between all members of this industry to assure the success of a National Coin Machines Credit Bureau.

Now is the time to start such an organization. Leading distributors and jobbers as well as all operators should most certainly be happy to cooperate. These men, in conjunction with the manufacturers, could arrange for a bureau that would very soon become the focal point for all credit information regarding this business.

A credit bureau, concerning itself solely and exclusively with the members of this industry, would prove invaluable. It would act as a protection for every man engaged in buying and selling in this trade. There is no doubt that the many thousands of dollars that it would save each firm from foolishly entering into risky credit arrangements would surely make it worthwhile for everyone in this business.

The Cash Box leaves the demand for the formation of a National Coin Machines Credit Bureau to the leaders of this industry. As a publication, and realizing that such a bureau is for the best interests of all concerned with this business, it is willing to work with all might and main to help in this great effort.

RECONDITIONING UPS PRICES

Prices have been steadily crawling upwards these past few months. This is mainly attributed to the reconditioning work which is becoming more and ever more necessary as machines show increased wear and require better mechanical effort than ever before to get them back into good working condition.

The fact that certain firms are asking higher prices for machines because of good and careful reconditioning is meeting with the approval of most buyers. They realize that the average machine sent thru a mechanic's hands these days requires every bit of ingenious and intelligent effort that it can get to put it back into some semblance of the condition it originally was in when new.

The members of this industry again demonstrate their intelligence, foresight and understanding in encouraging better reconditioning by willingly paying more for such equipment. This is one of the features that is making it worthwhile for a large number of leading firms in the country to work so much harder on equipment, not only mechanically conditioning the machines, but even respraying cabinets and employing cabinet makers to fix these prior to painting.

Everyone in the industry seems to be willing to pay more for equipment that is carefully reconditioned than for machines that are just given a quick once over. The trade realizes that equipment is wearing down faster today than ever before. (Even before the average person finishes reading this item many machines will have given up the ghost.) Therefore those who will pay better and closer attention to their reconditioning from now on in will not only obtain higher prices but will also pull the trade over to their side.

RECOMMENDING PAY RATES

"Talking Out Loud"

NEW CEILING PRICES FOR TUBES

OPA Sets Dollar And Cents Ceiling Prices And Tube Testing Charges

OPA has just set new dollar and cents ceiling prices for radio tubes. This will probably end much confusion in the coin machines trade where tubes are an extremely important item. Tho most of the prices are similar to those of March 1942, many new prices are also listed.

At the same time OPA ruled that a dealer or repairman may not charge anything for testing tubes brought to his place by a customer. He may, however, charge up to 50c if a portable or table model radio or phonograph is brought to his shop for testing of all the tubes. If the mechanism has to be removed to make the test and the tubes replaced the charge may be up to $1. OPA also reaffirmed the 90 day guarantee against defects in workmanship or materials and ordered all dealers and repairmen to post the ceiling prices in their place of business.

Because most tube manufacturers have been concentrating on war needs the civilian supply is only a fraction of the demand, and the civilian demand is reported to be increasing daily. Current additional allocation of materials for civilian consumption is expected to only slightly relieve the shortage.

All retailers of radio tubes are limited to their March '24 maximums, but in no event are they to ask more than the specific ceilings just issued. These ceiling prices include the 10 percent federal manufacturers tax. The taxes which became effective April 1 do not affect radio receiver tubes.

Ceilings of some of the more common tubes are: 1A5GT — $1.10; IA7GT — $1.30; IH5GT — $1.10; 12SA7GT — $1.30; IN5GT — $1.30; 12SQ7GT — $1.00; 25L6GT — $1.10; 50L6GT — $1.10; 5Y3G — 70c; 6F6G — 90c; 6SA7GT —$1.10; 6SK7GT—$1.10; 42—85c; 80—70c.

Other prices can be had by obtaining a copy of this new ruling from local OPA offices.

LETTER of THANKS FROM MARY PICKFORD

Samuel "Curley" Robinson of the A.O.L.A.C., Los Angeles, Calif., just sent us a photostatic copy of a letter received from "America's Sweetheart", Mary Pickford, as follows:

"I thanked you over the telephone but I want to tell you again how very nice I think it is of you to give the two pinball machines to Camp Irwin.

"I know the boys will be just as appreciative as I am. If you have ever been out there you know what a desolate spot it is and that they certainly need something to entertain them during their hours off duty.

"I have passed the good news on to Sergeant Simpson and when the truck is in next week they will pick up the machines.

"With many, many thanks, I am, sincerely yours,

Mary Pickford"

MORE MACHINE DONATIONS NEEDED

Army And Navy Hospitals Need Music And Games To Relax And Entertain Wounded

The picture below shows a donation of a Shuffiboard game by Ben Sterling, Jr., Rocky Glen Park, Moosic, Pa., to the Scranton, Pa. USO.

More and still more such donations will be needed as sick and wounded service men return to this country for hospitalization. This is an unusually fine opportunity for coinmen to gain the greatest good will, prestige and respect by donating equipment to these hospitals.

More than anything else, we have been given to understand, is the need for music. If you have an old 10 record machine or mechanism around, this is the time to patch it up and ship it to the nearest hospital in your area. Not only do servicemen tremendously appreciate music, but will long remember this donation.

Arcade Equipment Loosens Up

More Machines Come To Market But Prices Still Up

These past few weeks have noted a loosening up of arcade equipment thruout the country. This is reported to be due to the fact that a great many arcades, located in and around Army camps, have closed because most of the men have been shipped out.

These machines being brought to market, tho prices are still holding up, means that a great many arcade owners thruout the nation can now enliven their arcades with equipment they formerly weren't able to obtain.

It is also believed that more and still more arcade equipment will continue to come to market as the weeks go by, regardless of the fact that the summer spots expect this to be the greatest season in all their history. Some of the seasonal arcade men do not believe that they will exceed the business they did in '43 because they claim the service men aren't around anymore.

But the general belief is that the average family, because of loosening of gas restrictions, will travel to the far away spots, where they were handicapped in so doing in '43.

It is also believed by many summer arcade owners that these extra numbers of civilians that will be seen at the resorts this summer will more than make up for any loss of servicemen play. The most noted resort spots report reservations already closed for the entire season and long waiting lists already on hand.

The months of June, July and August are expected to prove the greatest in resort hotel history. This, in addition to the fact that many arcade men can now obtain some very fine equipment being offered from all over the country, should prove the summer of '44 one of the best arcade seasons in history.

SAILOR BECOMES POET FOR PHONO

Writes Poem In Appeal For Juke Box

The following poem was received by Mills Sales Company, Ltd., Oakland, Cal., from Ed. Walker, C.B.M.V. 553 c/o Fleet Post Office, San Francisco, Cal., along with a request for a phono. The request for the phono was immediately taken care of by the firm.

Somewhere in the South Pacific,
Where the sun is like a Curse
And each long day is followed
By another slightly worse
Where coral dust blows thicker
Than the shifting desert sands
And a white man dreams and wishes
For a fairer, greener land.

Somewhere in the South Pacific,
Where a Woman's never seen
Where the sky is never cloudy
And the grass is never green,
Where the birds with mighty squawking,
Rob a man of blessed sleep;
Where there isn't any whiskey
And the beer is in a heat.

Somewhere in the South Pacific
Where the nights are made for love,
Where the moon is like a search-light
And the southern stars above
Sparkle like a diamond necklace,
On a tropic, balmy night —
It's a shameless waste of beauty,
There's not a girl in sight.

Somewhere in the South Pacific
Where the mail is always late,
Where a Christmas card in April
Is considered up to date,
Where we never have a pay-day
And we never have a cent;
We do miss the money, cause we'd
gamble every cent.

Somewhere in the South Pacific
Where sailors work and play
And a hundred different rumors,
Spread from everything you say;
So take me back to my home town,
Let me hear the Mission bells,
For this God Forsaken outpost
Is a substitute for Hell.

"AMASKO"

THE NEW LIQUID RUBBER THAT ELIMINATES "SHORTS"

DID YOU EVER HAVE A "SHORT" ON YOUR FOUR BELLS OR THREE BELLS OR ANY OTHER CONSOLE OR PIN GAME?

DID A NICKEL EVER FALL OUT AND LAND ON TWO WIRES AND CAUSE A TUBE TO GO EMPTY, OR GIVE FREE PLAYS, OR BLOW A FUSE?

IF THIS HAS NEVER HAPPENED TO YOU --- BOY, YOU'RE REALLY LUCKY!!! IF IT DID, AND YOU KNOW WHAT A HEADACHE THIS WAS - GET A CAN OF "AMASKO" TODAY!!!!

AMASKO is a liquid that you apply with a brush to all soldered connections ...it hardens in a few minutes...and GOOD BYE "SHORTS"...if you want to remove it at any time...just pull it off with your fingers...it pulls off like thin rubber...IT IS RUBBER...PRE-WAR, TOO...it's transparent and you can use it for a hundred other things...a single can of "AMASKO" will short-proof 50 to 100 consoles, or what have you. SEND $5.00 FOR A COMPLETE CAN TODAY...money back of dissatisfied in any way whatsoever...SAVE TIME...SAVE SERVICE CALLS...SAVE MONEY.....

THE CONFIDENTIAL PRICE LISTS

AN EXCLUSIVE MERCHANDISING SERVICE FOR THE COIN MACHINES INDUSTRY ISSUED EVERY OTHER WEEK BY: THE CASH BOX, 381 FOURTH AVENUE, NEW YORK 16, N. Y.

FOREWORD

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The Confidential Price Lists can only feature the market prices as they are quoted. The Confidential Price Lists act exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for the past two weeks, rgardless of how much they may seem to be out of line. Some machine prices do not change for months. The Confidential Price Lists, rather than show no price, retain the last known quotations for such equipment so t hat the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The Confidential Price Lists report each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD

The Confidential Price Lists are to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the two week period: Where only one price appears this should be considered lowest price.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

1. MEANS PRICE WENT UP.
2. MEANS PRICE WENT DOWN.
3. MEANS MACHINE JUST ADDED TO LIST.
4. MEANS PRICES WENT UP AND DOWN DURING THE PAST TWO WEEKS
5. MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.
6. MEANS NO PRICES QUOTED FOR PAST FOUR WEEKS
7. MEANS NO PRICES QUOTED FOR PAST SIX WEEKS
8. MEANS NO PRICES QUOTED FOR PAST EIGHT WEEKS OR LONGER

IMPORTANT

Machines underlined mean these were most active in trading these past two weeks.

NOTICE ! March, 1942. Market Prices for Wholesalers as per GMPR of OPA appeared in September 7, 1943 issue. Reprints are available.
